

How to complete your USMLE Eligibility?

Go to <https://iwa2.ecfm.org/overview.asp> for On-Line Authentication Process

You will receive an Identification Number and temporary password via e-mail

If you have an ID but no password, you must complete ECFMG's On-Line Authentication Process and wait for a temporary password before you can proceed with an IWA application

Use the ID and Password to log into IWA and complete the Application for ECFMG Certification

Go to <http://www.ecfm.org/resources/publications.html#ib> and read the editions of the ECFMG *Information Booklet* and the USMLE *Bulletin of Information* that pertain to the eligibility period in which you take the exam

Orientation and practice materials for all Steps and Step Components, as well as additional information on examination content and test formats for Step 1/Step 2 CK, are available on the USMLE website at www.usmle.org

ECFMG will make your record available to your medical school and request verification typically within three weeks of receipt of a complete application

ECFMG must receive Form **186** or **183** and any additional documents and photographs as soon as possible but no later than 12 months from the date you submit the on-line part of your application

Both form **186** or **186** must be sent to ECFMG directly from the office of the medical school official who signed the form

Students enrolled in medical schools that do not participate in the ECFMG Medical School Web Portal (EMSWP) will be required to complete a Certification Statement (**Form 183**)

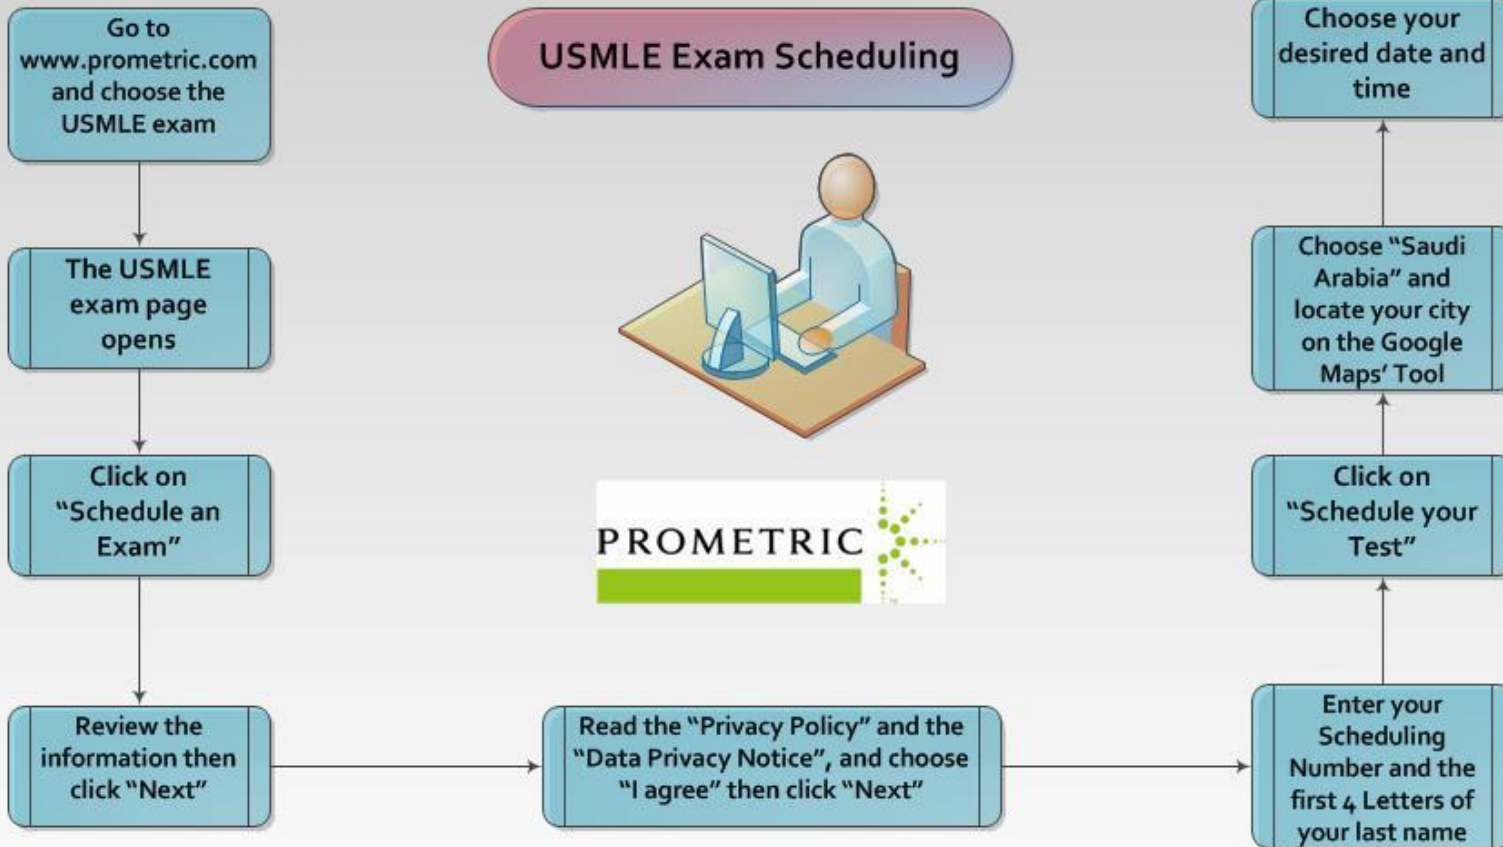

Complete a Certification of Identification Form (**Form 186**) and obtain an authorized official of your medical school and/or a Consular Official, First Class Magistrate, Notary Public, or Commissioner of Oaths
